directions

Clean surface to be sprayed. When thoroughly dry, spray, holding can one foot or more from object. Apply spray in continuous and even motion (so as to avoid mottling, streaking or running) until desired thickness of coat is attained. A light coat is usually sufficient. If running or streaking should occur, re-spraying of area will usually eliminate this; if not, gently dab on one of the solvents below and smooth with fingers.

To remove spray from surface, use Solax or lacquer thinner, applied with a hard, clean, lint free dry cloth.

CAUTION—Keep out of reach of children. Contains Toluol. If taken internally do not induce vomiting. Call a physician at once. Avoid contact with eyes. Contents under pressure. Do not puncture or throw into fire or incinerator. Keep at room temperature away from direct sunlight, or other sources of heat. Do not store at temperature above 120 F.

T. H. Nelson, Systems Consultant
Box 1546
Poughkeepsie, New York 12603

Dear Mr. Nelson:

Thank you for your recent inquiry about the Evans Sorba-Sound Cushions.

For your further information we are enclosing a copy of our new catalog which gives you details about Sorba-Sound Cushions, along with other EVANS aids to office efficiency. When ordering cushions, please fill in the enclosed form so that we can ship the correct cushion for your typewriter.

We appreciate your interest and look forward to hearing from you soon.

Sincerely,

(Mrs.) Louise Crews
